Sir:

This paper is filed in order to summarize the telephonic Examiner Interview conducted on January 12, 2010 between Examiner Seung H. Lee and the undersigned regarding the above-referenced application. As an initial matter, Applicants thank the Examiner for the kind and courteous Interview and his effort to help advance prosecution of this matter.

Generally, the Interview was directed to placing all pending claims of this application in condition for allowance. To this end, Examiner Lee suggested an Examiner's amendment to claim 69 to include the recitations of claim 70 and accordingly cancellation of claim 70. The undersigned agreed to this amendment. Examiner Lee also requested a terminal disclaimer for U.S. Patent Application Serial Number 10/675,590, now U.S. Patent Number 7,631,801, in order to obviate a double-patenting rejection. Accordingly, such terminal disclaimer is submitted

herewith. Thus, as indicated by Examiner Lee, the pending claims are now believed to be in condition for allowance. Therefore, the Applicants respectfully request issuance of a Notice of Allowance.

CONCLUSION

If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 303-571-4000.

Respectfully submitted,

/William J. Daley/
